Like Proof of Heaven and To Heaven and Back, a medical drama with heavenly implications in which a woman receives premonitions of her death that come true, and her discovery of the heavenly help available to all of us. When she was pregnant with her second child, Stephanie Arnold had a sudden and overwhelming premonition that she would die during the delivery. Though she tried to tell the medical team and her family what was going to happen, neither the doctors nor her loved ones gave her warnings credence. Finding no physical indications that anything was wrong, they attributed her foreboding to hormones and anxiety. One member of the medical team did take her concerns seriously enough, and made the fateful decision to order extra units of blood "just in case." Then, during the delivery, Stephanie suffered a rare Amniotic Fluid Embolism. She went into cardiac arrest and flat-lined for 37 seconds. She died. Using the supplementary blood, the medical team revived her, and she remained unconscious for more than six days. After months of recovery, Stephanie began to remember details of her experience, details she knew because she had witnessed the entire dramatic event, including her death, from outside her body—beside other spirits that were with her. In this remarkable true story, Stephanie recounts her harrowing journey and shares her surprising spiritual discoveries: we are not alone and have more loving help than we can imagine surrounding us.

In this remarkable true story, Stephanie recounts her harrowing journey and shares her surprising spiritual discoveries: we are not alone and have more loving help than we can imagine surrounding us.

Eddie is a wounded war veteran, an old man who has lived, in his mind, an uninspired life. His job is fixing rides at a seaside amusement park. On his 83rd birthday, a tragic accident kills him, as he tries to save a little girl from a falling cart. He awakes in the afterlife, where he learns that heaven is not a destination. It's a place where your life is explained to you by five people, some of whom you knew, others who may have been strangers. One by one, from childhood to soldier to old age, Eddie's five people revisit their connections to him on earth, illuminating the mysteries of his "meaningless" life, and revealing the haunting secret behind the eternal question: "Why was I here?"

DEATH HAVE YOU TALKED TO YOUR CHILDREN ABOUT IT? WHEN MOMMY WENT TO HEAVEN ITS A BOOK ABOUT A MOTHER HAVING A BABY AND NOT RETURNING HOME TO A LITTLE GIRL WHO BECOMES HURT & ANGRY. SHE THOUGHT DEATH WAS FOR THE OLD AND GRAY.LIKE HER GRANDPA, BUT SOON LEARNS THAT DEATH CALLS YOU HOME AT ANY AGE. DEATH ITS NEVER TO EARLY TO TALK ABOUT IT. BUT SOMETIMES ITS TO LATE.

It's easy to take it all for granted and go through life feeling invincible—especially if you've spent your life successfully facing challenges, overcoming obstacles in the way, and working hard to improve yourself both mentally and physically. Yet for all of us, this feeling of invincibility is an illusion. From Sudden Death to Paradise shares one man's story of suddenly facing his mortality and coming to terms with what he experienced. After being exposed to toxic chemicals while in the military, and unknown to him, author T. S. Dismas developed an autoimmune disease that would kill him—one night, Dismas suffered sudden heart failure and died for ten minutes. Yet in that moment, he had a near-death experience and visited heaven, where he would learn a valuable lesson about himself, his life, his faith, and God. No amount of suffering could take away his joy and peace, and after his experience, life was now sweet and truly a gift. With a new heart—both literally and spiritually—he was able to realize his previous life was not part of God's plan, and that embracing God's love is the only way to sustain happiness and find meaning in this life.

NATIONAL BESTSELLER • From the author of Into the Wild and Into Thin Air, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice

polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Bobby's a classic urban teenager. He's restless. He's impulsive. But the thing that makes him different is this: He's going to be a father. His girlfriend, Nia, is pregnant, and their lives are about to change forever. Instead of spending time with friends, they'll be spending time with doctors, and next, diapers. They have options: keeping the baby, adoption. They want to do the right thing. If only it was clear what the right thing was.

HEAVEN RIDE is a techno-thriller about two loyal friends who unlock secrets of the human soul and invent a device that ejects the soul and long-term memory on its path to heaven, and then brings it back. The "Pod" enables them to build Heaven Ride into the most lucrative empire the world has ever known, until ruthless rivals embark on a campaign of deceit, treachery and betrayal to wrest it away for their own insidious plan. This quandary of science and morality may change the way you think about heaven and the afterlife ... FOREVER. * * * David Brownington, a brilliant entrepreneurial mastermind with a leading business incubator, comes in contact with a mysterious gadget that measures wavelengths never seen before. His close friend, JW Gomez, a third-year Ph.D. candidate, supercedes the boundaries of his doctoral studies using a bio-pod that creates out-of-body experiences. Driven by memories of his little brother who perished in a gruesome accident as a child, JW's extra-curricular studies of sudden traumatic death lead to the astonishing discovery of the human soul. When David and JW merge these devices, they stumble upon the highway to heaven. Each of them falls in love as their miraculous invention takes the world by storm. Millions make the trip. As Heaven Ride prospers, its repercussions ripple throughout society. Protests, bombs and kidnappings threaten to shut it down, posing risks to David, JW, their friends and families. Long after Heaven Ride becomes a household word, startling revelations put David and JW in the crosshairs of dangerous men seeking ultimate power. With HEAVEN RIDE, John Eccleston and Kerry Gleason have woven an intense tale of ambition, success, friendship, betrayal, greed and corruption. It's an intricate and interesting tale of mankind's most startling invention, and technology gone awry.

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Author's Note About four years ago, I walked out of my life. Leaving professional middle class behind me, I set out in search of something more than acquiring and performing. I was so tired of being disappointed every time I arrived at a goal and found nothing there. I couldn't name it, but I suspected there was more to understand about this life. Receiving that understanding became my priority. Whether I was hiking or writing, dancing or crying, all I wanted was to know the more. My way of being changed immediately and gradually as I learned to let go of old stories and step into new freedom. I know now that Love, as a principle, is what I and you have been looking for. It is the beauty, freedom, and wellbeing that we imagine "heaven" to be. And the truth is we don't need to wait. We can live in Love and all its Joy right now. We don't have to die to live in heaven. Proof of Heaven by Eben Alexander has been on the New York Times bestseller list for fifty-nine weeks. Browsing in Barnes and Noble days after I finished this manuscript, I picked up Alexander's book. I was interested solely because he is a neurosurgeon, not the kind of guy typically writing about heaven. Skimming, I noticed that his near death experience was strikingly similar to my own nonphysical experiences. So I read the whole the whole book in an afternoon. My first impression was true. Alexander and I have indeed received nearly identical revelations: Love is all there is. Fear isn't real. We can't fuck it up. Separation isn't possible. Every question is the answer. We both feel that we must share these universal principles as best we can to everyone who can hear them. We both learned to move into "heaven" by focusing on the feeling of it. We both know that everyone has the ability to do the same, and we can do it now. What if you are not who you think you are? I also share Alexander's challenge of putting nonphysical experiences into words after they have come through the filter of my physical body. It's like describing Einstein this way: He was a man. Can you imagine how much you would miss if that's all you knew of him? That's how it feels to offer you words about the experience of god. I offer them only because they might interest you enough to have your own experience. Well, that and because I really cannot imagine being able to keep this Joy all to myself. What if you have suffered enough? That is what I have been asking myself for the last few years, and now, I am asking you. Even if we are the worst people on the planet (whatever that means), we have more than paid our debt. We have spent enough days in fear and shame to punish our worst mistakes. If you don't believe that, at least ask yourself how continuing to punish yourself benefits anyone. Withholding joy and peace from your own life perpetuates misery in every life. What if you are so much more? I am writing to you to say that I have spent the last ten years in deliberate pursuit of the answer to this question. What I learned changed everything for me. What Alexander learned changed everything for him. It can change everything for you too. My message is not meant to challenge or replace a life that is working for you. What I am suggesting is a way of living

Download Free 37 Seconds Dying Revealed Heavens Help A Mothers Journey

that fulfills and delights moment by moment. If you aren't enjoying your life as much as surviving it, I suggest a change. What do you have to lose? You don't have to spend seven days in a coma to have the experience of Alexander. That is his message, and it is mine. He died. I sat. We learned the same good news: There are no prerequisites. You don't have to be a certain kind of person. No history or flaw can disqualify you. There are no rules, no competition, and nothing to achieve. As I illustrate with my own life experience, there is only Love, and we can choose to enjoy it at anytime.
