The founder and 23-year president of Elektra Records captures pivotal scenes of pop culture from 1950-1973, from what happened backstage when Bob Dylan went electric to Jim Morrison's legendary shenanigans.

Darkroom: A Memoir in Black and White is an arresting and moving personal story about childhood, race, and identity in the American South, rendered in stunning illustrations by the author, Lila Quintero Weaver. In 1961, when Lila was five, she and her family emigrated from Buenos Aires, Argentina, to Marion, Alabama, in the heart of Alabama's Black Belt. As educated, middle-class Latino immigrants in a region that was defined by segregation, the Quinteros occupied a privileged vantage from which to view the racially charged culture they inhabited. Weaver and her family were firsthand witnesses to key moments in the civil rights movement. But Darkroom is her personal story as well: chronicling what it was like being a Latina girl in the Jim Crow South, struggling to understand both a foreign country and the horrors of our nation's race relations. Weaver, who was neither black nor white, observed very early on the inequalities in the American culture, with its blonde and blue-eyed feminine ideal. Throughout her life, Lila has struggled to find her place in this society and fought against the discrimination around her.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Two classics in one! Wonderfully spread out in one, annotated and illustrated, compact volume. Many vintage books are increasingly scarce and expensive. We published this volume in an affordable, modern, high-quality edition complete with a biography of the author.Includes: A Christmas Carol (1843)Great Expectations (1867 edition

Including "Ali Baba and the Forty Thieves," and "Aladdin and the Magic Lamp," this modern edition of the classic tales weaves a beautiful tapestry of stories that are filled with humorous and valuable lessons and magical adventures. Reissue.

Looks at the nineteenth-century convergence of a new kind of excessive, habitual drinking, and a new way of thinking about the self, which we came to label 'existential'.

Located by a computer in the bowels of a major university, this missing manuscript by Dr. Watson, Sherlock Holmes's biographer and friend, reveals hitherto unknown adventures of the Great Detective—while he was employed, incognito, as a violinist in the Paris Opera. As the detective matches wits with a musical maniac—the Phantom of the Opera—in a death struggle for the body and soul of Christine Daae, the miraculous soprano for whom the Ghost serves as a mesmeric "Canary Trainer," we are treated to an adventure unlike any other in the Holmes archive. Nicholas Meyer also "edited" the two-million-copy bestseller The Seven-Per-Cent Solution and The West End Horror, both of which are available in paperback from Norton. Meyer is a novelist, screenwriter, and director as well as a Holmes scholar.
