A rare book. An ancient code. A new trilogy that "starts off with promise" (Pittsburgh Post-Gazette) from the New York Times bestselling master of passion and the paranormal. Within the pages of very rare books some centuries old lie the secrets of the paranormal. Abby Radwell's unusual psychic talent has made her an expert in such volumes—and has sometimes taken her into dangerous territory. After a deadly incident in the private library of an obsessive collector, Abby receives a blackmail threat, and rumors swirl that an old alchemical text known as The Key has reappeared on the black market. Convinced that she needs an investigator who can also play bodyguard, she hires Sam Coppersmith, a specialist in paranormal crystals and amber—"hot rocks." Passion flares immediately between them, but neither entirely trusts the other. When it comes to dealing with a killer who has paranormal abilities, and a blackmailer who will stop at nothing to obtain an ancient alchemical code, no one is safe.

A suspicious death. A ghost in a mirror. The New York Times bestselling Dark Legacy novel from the author known for crafting stories of burning passion and chilling suspense... The death of her friend and mentor, Evelyn Ballinger, brings psychic counselor Gwen Frazier back to the small town of Wilby, Oregon, and brings back memories she would rather forget. Two years ago, a killer stalked the members of one of Ballinger's research studies—including Gwen, who survived while two others didn't. Now, she's sure that Ballinger's death is related. Sent by a friend to help Gwen, psychic investigator Judson Coppersmith arrives in Wilby barely in control of his own talent and his own life, and haunted by urgent dreams. His attraction to Gwen is primal, but there are secrets he must keep to protect himself from surrendering to her completely, even as their investigation draws them into dreamscapes, into decades of deception and into the paranormal fires of a desire too strong to resist...

Maddie Temple finds her life spiraling out of control as the mental link she shares with her twin sister pushes her closer and closer toward madness and her only hope for redemption lies with a psychiatrist who could end her career.

Zoe Luce is a successful interior designer in the Arizona town of Whispering Springs who's developed an unusual career specialty—helping recently divorced clients redesign their homes, to help them forget the past and start anew. But Zoe knows that some things can't be covered up with a coat of paint. And when she senses that one of her clients may be hiding a dark secret, she enlists P.I. Ethan Truax to find the truth. Working together, they solve the mystery . . . and barely escape with their lives. But Ethan's exquisite detection skills are starting to backfire on Zoe: she never wanted to let him find out about her former life; she never wanted to reveal her powerful, inexplicable gift for sensing the history hidden within a house's walls; she never wanted him to know that "Zoe Luce" doesn't really exist. She never wanted to fall in love with him. Now, no matter how much she resists, Ethan may be her only hope—because the people she's been running from have found her. And just when Zoe dares to dream of a normal life and a future with the man she loves, her own past starts to shadow her every step—and threatens to take her back into a nightmare.

Quinton Zane is back. Jack Lancaster, consultant to the FBI, has always been drawn to the coldest of cold cases, the kind that law enforcement either considers unsolvable or else has chalked up to accidents or suicides. As a survivor of a fire, he finds himself uniquely compelled by arson cases. His almost preternatural ability to get inside the killer's head has garnered him a reputation in some circles—and complicated his personal life. The more cases Jack solves, the closer he slips into the darkness. His only solace is Winter Meadows, a meditation therapist. After particularly grisly cases, Winter can lead Jack back to peace. But as long as Quinton Zane is alive, Jack will not be at peace for long.

Joining the newly formed NYPD in 1845, Timothy reluctantly assumes his duties near the notorious Five Points slum, where in the middle of the night he hears a little girl's claim that dozens of bodies have been buried in a local forest.
