Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and

renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

Gain confidence to crack the GMAT You have your heart set on getting into a particular MBA program, but you're required to submit your GMAT score as part of the application process. Ack! If you dread the idea of taking a standardized test, you've come to the right place. *GMAT For Dummies 2021 with Online Practice* gets you ready for test day with helpful reviews and smart advice. To make the chore of studying a bit more bearable, the four parts of the test are broken down into sections so you can focus on exactly what you need. If you need a refresher on grammar and reading comprehension, it's here. Is math your nemesis? Overcome the challenge with reviews of algebra, geometry, and statistics. And the exasperating but essential topics of essay writing and integrated reasoning are covered too. In addition, you get insights into how to avoid GMAT pitfalls and make the most of time-management tactics during the exam. Take a pre-assessment test to identify the subject areas you need to brush up on Access 7 practice tests and 500 flashcards online Hone your analytical and reasoning skills Create a targeted study plan If you want to conquer the GMAT and stand out from other MBA program applicants, you'll find everything you need here for a stellar score!

*Their Eyes Were Watching God* is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

York Notes Advanced offer a fresh and accessible approach to English Literature. This market-leading series has been completely updated to meet the needs of today's A-level and undergraduate students. Written by established literature experts, York Notes Advanced introduce students to more sophisticated analysis, a range of critical perspectives and wider contexts.

This book walks you step-by-step through the whole research process so you can get up to speed understanding and doing your own research. In their friendly, down to earth style, the authors lay the theoretical foundations you need to consume and critique research, before showing how to translate this into action when tackling your own literature review or research project. This second edition: Draws on a wealth of examples from midwifery, four fields of nursing including mental health nursing and child nursing, and a range of health care specialities. Covers new and updated NMC professional education standards and maps all relevant policy and law. Supports your learning with reflective exercises, online activities and quizzes that enable you to be confident in your understanding and develop your thinking. Whether you're encountering research and evidence-based practice for the first time or refreshing your methods knowledge, this is the ideal research companion for nurses and midwives pre-registration, post-registration and beyond.

Most vols. have appendices consisting of reports of various State offices.
