Difference In Fuel

Consumption

Between

Fuel consumption and

fuel economy are two

phrases that are

sometimes used

File Type PDF

Difference In

interchangeably but have very different meanings. The core difference involves fuel consumption discussing how much fuel a car consumes to go a certain distance and fuel economy measures how much distance a car gets out of fuel. Therefore, they have an inverse

File Type PDF Difference In relationship.

Consumption
Fuel consumption vs
fuel economy -

Energy Education

The difference is
enough to pay for at
least one car
payment. The
difference is even
more astonishing for
cars with very
dissimilar gas mileage
ratings. In the

File Type PDF

Difference In

scenario above, if one car had a rating of 30 mpg and the other had a rating of 10 mpg, the cost difference would be nearly \$2,000.
