Mergers and Acquisitions: Cases, Materials, and Problems

Mergers and Acquisitions: Cases and Materials--known for its cases, references to state and federal statutes, and ample problems--underscores the importance of modern fiduciary duty law. Its real-world, skills-based approach to transactions from Main Street to Wall Street emphasizes the ethical responsibilities of both lawyers and corporate managers who are responsible for implementing those transactions. Notes in the Appendix demonstrate the necessity of understanding where the money (or whatever serves as the acquisition consideration) is going. The Third Edition features a new chapter on "Going Private" (eliminating all public shareholders,) and focuses on changes in Delaware laws. More note materials help students put cases and developments into context, particularly on structuring acquisition transactions and fiduciary duty law. New cases discussed include Vantagepoint Venture Partners 1996 v. Examen, Inc. and En re: Topps Company Shareholders-- Litigation. New cases replace some older ones and several cases are more tightly edited. The text reflects all recent securities law and rule changes. Features: cases, references to state and federal statutes, and ample problems real-world, skills-

Real Estate Due Diligence is the first textbook on due diligence, the cornerstone of every successful real estate deal. Due diligence is designed to uncover potential risks posed by a real estate acquisition, financing, or development project and failure to carry it out successfully can result in costly oversights and diminished investment returns. This book demonstrates how to assess and manage legal risks on properties such as office buildings, shopping centres, industrial buildings, apartments, and hotels—before the transaction closes. Real estate students and practitioners are taken through all of the essential due diligence areas, including: Titles and ownership issues Zoning and land use Liens and mortgages Condition assessments Environmental and operational concerns And lease analysis Throughout the book, major laws and court cases are used to illustrate due diligence issues and provide rich opportunities for classroom study and discussion. Practice points and comprehensive due diligence checklists help readers to go on to put their learning in practice. This book fills a gap in the real estate literature and is perfect for use as a college textbook, a practitioner's guide, or for industry training.

Four specific trends are driving the DVR industry: consumer content choice, consumer content control, personalization of content libraries, and the ability to transfer content from device-to-device and person-to-person. "Digital Video Recorders" features a macro and micro views of the already established yet still burgeoning DVR industry. As part of the NAB Executive Technology Briefing series, this book gives you a wealth of market knowledge, business models, case studies, and industry insights explained in a non-technical fashion. "Digital Video Recorders" discusses the impact of the technology across many different industries and platforms, explains hardware, software and technology of set-top boxes, DVR infrastructure, on-screen guides, planning and scheduling, content security, and more. Whether you are an executive in the broadcast, telecommunications, consumer electronic, or advertising space, you will expand your knowledge on DVR impact, explore new business opportunities, and get a brief overview of the technical terms needed. You will also be able to accurately analyze and understand the trends, projections and other data, all of which will help lead to the expedited growth and development of DVR industry.

This book explains how to choose and source inventory, design and display tactics that get customers to buy, how to keep up with the latest trends, strategies for competing against the big boys of retailing, and surprising start-up options that can keep your costs down.

'Natural capitalism' is quite different from conventional capitalism but, once understood, it seems it must have been obvious all along. Drawing upon economic logic, intelligent technologies and the best of contemporary design, the authors show how it will transform our fundamental notions about the way to do business.

Learn the ins and outs of equity crowdfunding with this informative guide *Equity Crowdfunding for Investors* is a comprehensive, objective, and authoritative guide to the social and financial rewards of crowdfunding. Before now, angel investing – and the spectacular returns possible in this asset class – has been off-limits to all but the wealthiest Americans. Now equity crowdfunding portals allow the general public to buy shares in startups and fast-growing private companies for the first time in generations. This book provides the guidance individuals need to invest wisely, tempering the excitement of leading-edge technology, innovative business models, and exciting new brands with thorough, practical know-how – including investor limits and requirements, portfolio strategy, deal terms, and much more. Readers will learn the pros and cons of investing in equity crowdfunding so they can make an informed investment decision, as well as best practices for finding, researching, evaluating, and buying into potentially profitable startups. Digital components include tables, graphs, comparison charts, screen captures, checklists, and other tools that further enable readers to make suitable investment choices. Equity crowdfunding is a new, exciting, and evolving way for growing businesses to raise capital and for average investors to buy equity in those businesses. It has been hailed as a "game changer" in the private capital markets, particularly the angel investment asset class, which includes angel investing. This book shows readers how to take full advantage of this new avenue of investment, without being taken advantage of themselves. Make smarter investment decisions Avoid being ripped off Find the best information available Understand the SEC rules and limits Equity crowdfunding can produce huge returns. It also comes with huge risk. Some companies will succeed, but many will fail. Everyday investors can mitigate some risk and increase their chance of profit with the fundamental insight provided in *Equity Crowdfunding for Investors*.

Companies of all sizes have been initiating international transactions--mergers and acquisitions, joint ventures, strategic alliances, and private placements--in record numbers. Targeted due diligence is crucial to effectively research, value, and complete these complex deals. With an evolving climate of uncertainty and new, unpredictable threats to business, it is more essential than ever before. *Due Diligence for Global Deal Making* is an invaluable guidebook for companies trying to capitalize on the opportunities in both developed and emerging cross-border markets. All too often global transactions fail to meet the parties' expectations, and the leading culprit is inadequate due diligence. Especially when the target partner lacks a financial performance track record and significant assets, expanding businesses must answer difficult questions, such as: Why (if at all) do this deal? What are the rules going in, and what happens if things go wrong? Where are the tax, legal, financial, and operational traps, and what are the opportunities? This book provides what's needed to avoid devastating mistakes and to master the steps that ensure success: Expert analysis, insights, and strategies from experienced practitioners and leading authorities in cross-
