Make ongoing, classroom-based assessment second nature to your students and you. *Everyday Assessment in the Science Classroom* is a thought-provoking collection of 10 essays on the theories behind the latest assessment techniques. The authors offer in-depth "how to" suggestions on conducting assessments as a matter of routine, especially in light of high-stakes standards-based exams, using assessment to improve instruction, and involving students in the assessment process. The second in NSTA's Science Educator's Essay Collection, *Everyday Assessment* is designed to build confidence and enhance every teacher's ability to embed assessment into daily classwork. The book's insights will help make assessment a dynamic classroom process of fine-tuning how and what you teach... drawing students into discussions about learning, establishing criteria, doing
