Elementary Mandarin Chinese Textbook is a new beginner Mandarin Chinese course which enables you to quickly learn the basics of the language. The 24 lessons in this book are meant to be used in 3 hours per week of class instruction over one academic year. Students will need another 203 hours of outside practice and review for every hour of class time, using the materials in the accompanying Elementary Mandarin Chinese Workbook. These books can also be used by self-study learners due to the extensive explanations and free supplementary materials available | including online audio and video recordings and flash cards. The entire course can be completed in 25 to 35 weeks and teaches you the basic skills of speaking, reading and writing Mandarin Chinese at a conversational level. Each lesson starts with a dialogue and includes a list of new and supplementary Chinese vocabulary along with questions and grammar notes about the dialogue, a reading section and extensive exercises (that are in the Workbook). Elementary Mandarin Chinese Textbook offers the following significant advantages over other similar textbooks: Common, everyday Chinese dialogues are used/complete with vocabulary lists and questions and storylines based on actual everyday experiences in China Chinese grammar is explained in simple, non-technical terms with useful notes and tips given Reading exercises are provided for all new words and phrases in each lesson Free online audio recordings by native speakers from different regions of China help you not only acquire correct pronunciation, but also to understand Chinese speakers who have different accents Illustrations and supplementary video clips add authenticity to the materials in the book A Chinese-English dictionary, downloadable flash cards and supplementary exercises are all provided Both Chinese characters and Pinyin Romanized forms are given throughout the book (except for the reading exercises), so this book can be used by students who wish to focus on learning the spoken language, as well as those who are learning to read and write the Chinese characters simultaneously. This textbook should be used in conjunction with Elementary Mandarin Chinese Workbook and the included audio files, which can be downloaded free directly from the Tuttle website.

Ni Hao, Level 2 (3rd edition) consists of a student textbook, student workbook and four audio CDs. Lessons 2 and 3 have been renamed but the content is primarily the same. Lesson 6 was eliminated. One more review lesson has been added as Lesson 5. A new section "About Pinyin and characters" has been added to this new edition. It highlights some areas that students would like to know when learning the rules of pronunciation. In the student workbook the first section of each lesson provides word recognition practices instead of listening to statements and identifying the picture as in the 2002 edition. The audio CDs cover all sections in each lesson which provide support to students for independent listening opportunities. The sections in the student textbook and workbook exercises are clearly annunciated.

This book is Volume 2 of First Chinese Reader for Beginners. There are simple and funny Chinese texts for easy reading. The book consists of Elementary course with parallel Chinese-English texts. The author maintains learners' motivation with funny stories about real life situations such as meeting people, studying, job searches, working etc. The method utilizes the natural human ability to remember words used in texts repeatedly and systematically. Phonetic transcription Pinyin transcribes the sounds of Mandarin using the western (Roman) alphabet. The book is equipped with the audio tracks. The address of the home page of the book on the Internet, where audio files are available for listening and downloading, is listed at the beginning of the book on the copyright page. As you read a bilingual reader, your brain begins to remember words and phrases simply because you are exposed to them several times. You don't even realize, until you must recall what you've learned, that you have already learned the new words and phrases. The graded language book with a parallel translation has helped many to uncover their potential for learning multiple languages. Whether you are learning a language as a hobby or for a necessary purpose, you will find such books are supportive. A good idea is to use the free VLC media player to control the playing speed. You can control the playing speed by decreasing or increasing the speed value on the button of the VLC media player's interface. Read and listen at the same time!

This book will be the first account of the development of Chinese as a foreign language in the U.S., as it interacts with the relevant entities in China and beyond. There are virtually no systematic retrospective reflections on the field outside of the greater China region; and yet over the past decades the field has grown by leaps and bounds, and it is critical now that we pause to reflect on what has happened and what we can learn from the past. The contributors are among some of the most influential pioneers in the field whose entire academic lives have been dedicated to its development. The Field of Chinese Language Education in the U.S.: A Retrospective of the 20th Century is aimed at those who are currently engaged in Chinese language education, as teachers or as students.

Reinforce your written Chinese with this practice book for the best-selling Tuttle Learning Chinese Characters. Learning Mandarin Chinese Characters helps students quickly learn the basic Chinese characters that are fundamental to the language. Intended for self-study and classroom use, this character workbook presents 178 Chinese characters and over 534 common words using these characters. These are the characters and words students need to know if they plan to take the official Chinese government HSK Level 1 Exam or the Advanced Placement (AP) Chinese Language and Culture Exam. Each character is presented in a very simple and clear way. A step-by-step diagram shows how to write the character, and boxes are provided for freehand writing practice. The meaning and pronunciation are given along with the key vocabulary compounds and an example sentence. Review exercises reinforce the learning process and an index at the back allow you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation. Key features of this Chinese workbook include: Designed for HSK Level 1 and AP exam prep Learn the 178 most basic Chinese characters Example sentences and over 534 vocabulary items Step-by-step writing diagrams and practice boxes

Key features of this Chinese workbook include: Designed for HSK Level 1 and AP exam prep Learn the 135 most basic Chinese characters Example sentences and over 405 vocabulary items Step-by-step writing diagrams and practice boxes

As the teaching of Chinese increasingly uses simplified characters, this new version of the popular A Primer for Advanced Beginners of Chinese fills an important gap in Chinese-language instruction. The two-volume primer is addressed to meet the needs of the rapidly growing number of Chinese language students who were raised in the United States in Chinese-speaking homes and speak the language but cannot read or write it. This text develops lessons around readings on Chinese history, culture, geography, literature, folktales and mythology, customs, and cuisine.
