" Vastu Shastra: for a Healthy, Prosperous and Happy life " is an in-depth study of the ancient Indian Science of Vastu Shastra. This book unearths the various Vastu principles and practices of constructing houses, buildings or workplaces in such a way that there is a harmonious balance between the structure, the nature and the various energies including Cosmic and Electromagnetic forces. This book will help you to: • Create homes, buildings or any new structure in compliance with Vastu; • Make your existing homes or flats Vastu compliant including decorating the interiors of the house by ensuring placement of various things as per Vastu; • Understand ways to help working professionals to make their workplaces Vastu compliant. This book is a one stop shop as it explains in simple words the various rules and tools for the identification and correction of various Vastu defects. Comparison between Vastu and Feng Shui along with their tools have been explained in simple words for the benefit of the readers. By understanding these principles, the readers will be able to apply Vastu remedies on their own and make their lives stress free, happier, healthier and successful. Though very clearly, we want to strongly iterate that Vastu is not a replacement for hard work, it is just that one ' s hard work and efforts will be fruitful and yield the desired results if one ' s home and workplace are in compliance with Vastu principles.

A detailed look at how Warren Buffett really invests In this engaging new book, author Prem Jain extracts Warren Buffett's wisdom from his writings, Berkshire Hathaway financial statements, and his letters to shareholders and partners in his partnership firms-thousands of pages written over the last fifty years. Jain uncovers the key elements of Buffett's approach that every investor should be aware of. With Buffett Beyond Value, you'll learn that, contrary to popular belief, Warren Buffett is not a pure value investor, but a unique thinker who combines the principles of both value and growth investing strategies. You'll also discover why understanding CEOs is more important than studying financial metrics; and why you need an appropriate psychological temperament to be a successful investor. Reveals Buffett's multifaceted investment principles Discusses how Buffett thinks differently from others about portfolio diversification, market efficiency, and corporate governance Highlights how you can build a diverse and profitable investment portfolio With this book as your guide, you'll learn how to successfully invest like Warren Buffett.

This new edition of Financial Management continues to emphasise on the theories, concepts, and techniques that aid in corporate decision making. Apart from updating the chapters with recent developments in the subject, it presents to the readers several new cases and examples, along with new-age tools like 'excel' for problem solving.

NA

Welcome to the phenomenal journey of learning Project management, and beyond!This book is based on latest PMBOK 6th edition. With help of numerous examples from IT Industry, Civil Industry, and Mechanical Industry, the Author has simplified the concepts of PMBOK which helps students from any background to understand them. The Author has utilized his wide international experience across the USA, UK, Europe, Middle East, and the India while working for multiple industries. Many real-life examples have also been included to share his experience and way to handle them.The approach used in this book is to make a solid foundation for students on which any castle can be built, may be it is clearing PMP® exam or implementing management tools and techniques in real life. One further step is taken for leadership role to understand the concepts of, and work on, fundamentals of any organization, for example, starting from vision, mission, and values - to - strategic plan - to - support system for project managers - to - project management standardization - to - monitoring and control system (e.g., PMO).Comprehensive yet simplified explanation of tools for example, CPM/PERT, Fast tracking, Crashing, Burndown chart, Budgeting, and funding, Earned value analysis for EAC and TCPI, ITYKC & Roof shaped matrices, Root cause analysis, Control charts, RACI, Risk response tools, Stakeholder grid/cube, and much more, will enable reader to work in standardized and most professional fashion.This book is for all of you, who is either preparing for PMP® certification or working project manager, as a senior management up to CEO/Owner level by making you fully equipped to take up any level of management tasks. Enjoy the journey, of becoming a Supermanager...
