This book examines  
women's experiences  
in Britain during the  
Second World War,  
drawing on women's  
own memories and  
archival sources. It  
explores the myths  
and silences  
surrounding women's

contribution to the war effort. Part of the text is devoted to women's experience of paid employment and how their sexuality became a contentious workplace issue. This theme is continued in the accounting for the sexuality of women on other spaces and places and how women re-negotiated

their femininity, and thus their own 'war experiences'.

Exploring the nature of both the romance genre and the discourse of romantic love from the 17th century to the present day, this book shows how, in the history of literature, lovers have utilised its spark to

change not only themselves but also their worlds, through acts of creativity and heroism.

## War To The Gulf

Women in the military? To many, never was too soon. But by 1940, British women were out "doing their bit" for the war effort, and Canadians battled for

that same right.

Young Canadian women wanted to serve their country, "to free a man to fight," as the recruiting posters urged. By the war's end almost 50,000 of them were in the forces. Carolyn Gossage has compiled a fascinating collage of anecdotal and documentary
