This beloved book by E. B. White, author of *Stuart Little* and *The Trumpet of the Swan*, is a classic of children's literature that is "just about perfect." Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Some Pig. Humble. Radiant. These are the words in *Charlotte's Web*, high up in Zuckerman's barn. Charlotte's spiderweb tells of her feelings for a little pig named Wilbur, who simply wants a friend. They also express the love of a girl named Fern, who saved Wilbur's life when he was born the runt of his litter. E. B. White's Newbery Honor Book is a tender novel of friendship, love, life, and death that will continue to be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's *Stuart Little* and *Laura Ingalls Wilder's Little House* series, among many other books.

Great for teachers and homeschooling! Over 75 daily division drill worksheets covering 0-13 division facts. Includes all answer keys! Daily timed math drills provide the repetition needed to memorize math facts and develop math fluency. Use these reproducible worksheets for skill development or testing. Teachers and parents may reproduce these timed math tests as needed for their students and children. This workbook uses an instructional process that the Author has successfully utilized over 25 years as a math instructor. This unique method builds math skills daily while reinforcing math facts learned on prior days. First, students practice timed division facts involving 0 - 10. Then, division facts of numbers 11 - 13 are introduced. Four days in a row, students practice each new number, followed by two cumulative drills. Using this repetitive process, students gradually build their 0-13 division skills. Set a goal for students to complete one timed-division drill per day. Keep track of the time as well as the number of problems answered correctly. Between drills, students may review the division tables provided at the front of the workbook. Encourage your students to decrease their time while increasing the number of problems answered correctly. Make math fun - set goals and reward students for their progress!

A unique blend of age-appropriate tracing and writing activities are combined with puzzles to make learning fun while helping kindergarteners build alphabet and handwriting skills and develop lifelong learning confidence. Identifying letters and learning to write letters and words are important steps toward reading readiness, and Highlights (TM) infuses Fun with a Purpose® into these essential learning activities. With vibrant art and engaging prompts, Writing exposes kindergarteners to letters and words through tracing and writing practice and the fun of puzzles and other activities, including Hidden Pictures® puzzles and mazes.

If a hungry little traveler shows up at your house, you might want to give him a cookie. If you give him a cookie, he's going to ask for a glass of milk. He'll want to look in a mirror to make sure he doesn't have a milk mustache, and then he'll ask for a pair of scissors to give himself a trim.... The consequences of giving a cookie to this energetic mouse run the young host ragged, but young readers will come away smiling at
