Gandhi the Man: How One Man Changed Himself to Change the ...

Yes, Gandhi was an amazing man, but he maintained that it is within every person's ability to achieve the same results by following his example. His personal resource for inner strength came from the "Bhagavad Gita" but he did not exclude the value of other religions.

Gandhi the Man: How One Man Changed Himself to Change the ...

Eknath Easwaran (1910 – 1999) was born in South India and grew up in the historic years when Gandhi was leading India nonviolently to freedom from the British Empire. As a young man, Easwaran met Gandhi, and the experience left a lasting impression. Following graduate studies, Easwaran joined the teaching profession and later became head of the department of English at the University of Nagpur.

According to Gandhi, religion is not about what a man believes, it is about how a man lives, how he relates to other people, his conduct towards others, and one's relationship to one's conception of god.

Gandhi the Man: How One Man Changed Himself to Change the ...

A portrait of the great Indian leader seeks to uncover the personal and spiritual qualities which shaped Gandhi's life and made him the charismatic leader of millions. Original.

Among prominent leaders of the twentieth century, perhaps no one is more highly regarded than Mahatma Gandhi. He is revered by the vast majority of Hindus as the hero of Indian independence, and many people throughout the world consider him to be a modern saint.In this explosive, intriguing, and provocative investigation, Colonel G. B. Singh charges that the popular image of Gandhi is highly misleading. Despite his famous philosophy of nonviolent resistance (satyagraha), Colonel Singh's analysis of the evidence leads him to conclude that Gandhi's ideology was in fact rooted in racial animosity, first against blacks in South Africa and later against whites in India. The author also finds evidence of multiple cover-ups designed to hide Gandhi's real history, including even collusion to cover up the murder of an American.This provocative thesis is sure to be controversial.

Presents the story of the great leader who succeeded in bringing about social and political change in India through nonviolent means.

An analysis of Gandhi's accomplishments as a politician and civil rights advocate reveals his conflicted ideologies and feelings about his place in history, offering insight into his philosophies, social campaigns, and private disappointments.

"This book shows how Gandhi's early life in the law played a critical role in the subsequent evolution of his philosophy and theory of nonviolent civil disobedience. The author traces Gandhi's maturation from a tongue-tied novice to a competent professional, from civil rights lawyer to freedom fighter, finally integrating his principles of morality and spirituality into his political life"--Provided by publisher.

Gandhi the Man: How One Man Changed Himself to Change the ...

Here is the first volume of a magisterial biography of Mohandas Gandhi that gives us the most illuminating portrait we have had of the life, the work and the historical context of one of the most abidingly influential—and controversial—men in modern history. Ramachandra Guha—hailed by Time as “Indian democracy’s preeminent chronicler”—takes us from Gandhi’s birth in 1869 through his upbringing in Gujarat, his two years as a student in London and his two decades as a lawyer and community organizer in South Africa. Guha has uncovered myriad previously untapped documents, including private papers of Gandhi’s contemporaries and co-workers; contemporary newspapers and court documents; the writings of Gandhi’s children; and secret files kept by British Empire functionaries. Using this wealth of material in an exuberant, brilliantly nuanced and detailed narrative, Guha describes the social, political and personal worlds inside of which Gandhi began the journey that would earn him the honorific Mahatma: “Great Soul.” And, more clearly than ever before, he elucidates how Gandhi’s work in South Africa—far from being a mere prelude to his accomplishments in India—was profoundly influential in his evolution as a family man, political thinker, social reformer and, ultimately, beloved leader. In 1893, when Gandhi set sail for South Africa, he was a twenty-three-year-old lawyer who had failed to establish himself in India. In this remarkable biography, the author makes clear the fundamental ways in which Gandhi’s ideas were shaped before his return to India in 1915. It was during his years in England and South Africa, Guha shows us, that Gandhi came to understand the nature of imperialism and racism; and in South Africa that he forged the philosophy and techniques that would undermine and eventually overthrow the British Raj. Gandhi Before India gives us equally vivid portraits of the man and the world he lived in: a world of sharp contrasts among the coastal culture of his birthplace, High Victorian London, and colonial South Africa. It explores in abundant detail Gandhi’s experiments with dissident cults such as the Tolstoyans; his friendships with radical Jews, heterodox Christians and devout Muslims; his enmities and rivalries; and his often overlooked failures as a husband and father. It tells the dramatic, profoundly moving story of how Gandhi inspired the devotion of thousands of followers in South Africa as he mobilized a cross-class and inter-religious coalition, pledged to non-violence in their battle against a brutally racist regime. Researched with unequalled depth and breadth, and written with extraordinary grace and clarity, Gandhi Before India is, on every level, fully commensurate with its subject. It will radically alter our understanding and appreciation of twentieth-century India’s greatest man.

DIVFine explanation of civil disobedience shows how great pacifist used non-violent philosophy to lead India to independence. Self-discipline, fasting, social boycotts, strikes, other techniques. /div

In this fascinating and meticulously researched book, bestselling historian Arthur Herman sheds new light on two of the most universally recognizable icons of the twentieth century, and reveals how their forty-year rivalry sealed the fate of India and the British Empire. They were born worlds apart: Winston Churchill to Britain’s most glamorous aristocratic family, Mohandas Gandhi to a pious middle-class household in a provincial town in India. Yet Arthur Herman reveals how their lives and careers became intertwined as the twentieth century unfolded. Both men would go on to lead their nations through harrowing trials and two world wars—and become locked in a fierce contest of wills that would decide the fate of countries, continents, and ultimately an empire. Gandhi & Churchill reveals how both men were more alike than different, and yet became bitter enemies over the future of India, a land of 250 million people with 147 languages and dialects and 15 distinct religions—the jewel in the crown of Britain’s overseas empire for 200 years. Over the course of a long career, Churchill would do whatever was necessary to ensure that India remain British—including a fateful redrawing of the entire map of the Middle East and even risking his alliance with the United States during World War Two. Mohandas Gandhi, by contrast, would dedicate his life to India’s liberation, defy death and imprisonment, and create an entirely new kind of political movement: satyagraha, or civil disobedience. His campaigns of nonviolence in defiance of Churchill and the British, including his famous Salt March, would become the blueprint not only for the independence of India but for the civil rights movement in the U.S. and struggles for freedom across the world. Now master storyteller Arthur Herman cuts through the legends and myths about these two powerful, charismatic figures and reveals their flaws as well as their strengths. The result is a sweeping epic of empire and insurrection, war and political intrigue, with a fascinating supporting cast, including General Kitchener, Rabindranath Tagore, Franklin Roosevelt, Lord Mountbaten, and Mohammed Ali Jinnah, the founder of Pakistan. It is also a brilliant narrative parable of two men whose great successes were always haunted by personal failure, and whose final moments of triumph were overshadowed by the loss of what they held most dear.

The author, the grandson of Mohandas Gandhi, describes the life of the Indian leader as well as the history of India during Gandhi’s time.
