Kwikstage Scaffolding Users Guide

1 Whatever the plan dimensions of a building, it is normally possible, with careful planning, to erect a Kwikstage scaffold around the perimeter of a building without non-standard bays. If they are required, any infill gaps should occur away from the corner (i.e. in a straight run) and be kept within 600mm. 2 Leave any infill areas until all the standard Kwikstage bays have been erected. 3 Connect the Kwikstage Standards on each side of the infill area together, at each ...
