The author, having spent time with the royal couple, explores the marriage between Queen Elizabeth II and Philip.

This is the story of Prince Philip, Duke of Edinburgh - the longest-serving consort to the longest-reigning sovereign in British history. It is an extraordinary story, told with unique insight and authority by an author who knew the prince for more than forty years. Philip - elusive, complex, controversial, challenging, often humorous, sometimes irascible - is the man Elizabeth II once described as her 'constant strength and guide'. Who was he? What was he really like?

What is the truth about those 'gaffes' and the rumours of affairs? This is the final portrait of an unexpected and often much-misunderstood figure. It is also the portrait of a remarkable marriage that endured for more than seventy years. Philip and Elizabeth were both royal by birth, both great-great-grandchildren of Queen Victoria, but, in temperament and upbringing, they were two very different people. The Queen's childhood was loving and secure, the Duke's was turbulent; his grandfather assassinated, his father arrested, his family exiled, his parents separated when he was only ten. Elizabeth and Philip met as cousins in the 1930s. They married in 1947, aged twenty-one and twenty-six. Philip: The Final Portrait tells the story of two contrasting lives, assesses the Duke of Edinburgh's character and achievement, and explores the nature of his relationships with his wife, his children and their families - and with the press and public and those at court who were suspicious of him in the early days. This is a powerful, revealing and, ultimately, moving account of a long life and a remarkable royal partnership.

"Rich in drama and tragedy" (The Guardian), here is a mesmerizing account of the extraordinary formative years of the man married to the most famous woman in the world Before he met the young girl who became Queen Elizabeth II, Prince Philip had a tumultuous upbringing in

Greece, France, Nazi Germany, and Britain. His mother, Princess Alice of Battenberg, was born deaf; she was committed to a psychiatric clinic when Philip was eight. His father, Prince Andrew of Greece, already traumatized by his exile from his home country, promptly shut up the family home and went off to live with his mistress, effectively leaving his young son an orphan. Remarkably, Philip emerged from his difficult childhood a character of singular vitality and dash—self-confident, opinionated, and devastatingly handsome. Girls fell at his feet, and the princess who would become his wife was smitten from the age of thirteen. Yet alongside his considerable charm and intelligence, the young prince was also prone to volcanic outbursts, which would have profound consequences for his family and the future of the monarchy. In this authoritative and wonderfully compelling book, acclaimed biographer Philip Eade brings to vivid life the storm-tossed early years of one of the most fascinating and mysterious members of the royal family.

A brilliantly researched biography of Prince Philip, first published to mark his 70th birthday.

Buckingham Palace in 2009. It captures the Queen in a variety of poses, from formal photographs as a working monarch, to intimate portraits relaxing with her family at Balmoral and Windsor. The work of over twenty photographers is presented in this book, many of whom were or are the leading portrait photographers of their generation, including Cecil Beaton, Yousef Karsh, Lord Snowdon and Jane Bown.

With interest in the royal couple at a new peak thanks to the hit TV series *The Crown*, Ingrid Seward reveals the real story of the marriage of Queen Elizabeth and Prince Philip. When a young Princess Elizabeth met and fell in love with the dashing Naval Lieutenant Prince Philip of Greece and Denmark, it wasn't without its problems. The romance between the sailor prince and the young princess brought a splash of colour to a nation still in the grip of post-war austerity. When they married in Westminster Abbey in November 1947, there were 3000 guests, including six kings and seven queens. Within five years, as Queen Elizabeth II, she would ascend to the throne and later be crowned in front of millions watching through the new medium of television. Throughout her record-breaking reign, she relied on the formidable partnership she had made with her consort. Now, after 70 years of their marriage, acclaimed royal biographer Ingrid Seward sheds new light on their relationship and its impact on their family and on the

nation. In *My Husband and I*, we discover the challenges faced by Prince Philip as he has had to learn to play second fiddle to the Queen in all their public engagements, but we also get a revealing insight into how their relationship operates behind closed doors. As the years have gone by, there have been rumours of marital troubles, fierce debates over how to bring up their children, and they have had to deal with family traumas - from scandalous divorces to shocking deaths - in the full glare of the public eye. But somehow, their relationship has endured and provided a model of constancy to inspire all around them. This book is not only a vivid portrait of a hugely important marriage, it is a celebration of the power of love.

A tie-in to the 60th anniversary of the current British monarch's ascension to the throne explores the private character of the queen behind her public persona, providing coverage of such topics as the circumstances of her early coronation, her relationship with international heads of state and her struggles with family challenges. (This book was previously listed in Forecast.)

suspenseful as any thriller. Truly, an excellent read' Lynn Barber, Sunday Times

Bitcoin est la première devise cryptographique au monde basée sur un système de réservation organisé de manière décentralisée. Les paiements sont légitimés de manière cryptographique et traités via un réseau d'ordinateurs ayant des droits égaux (peer-to-peer). Contrairement au système bancaire traditionnel, aucune compensation centrale des mouvements d'argent n'est nécessaire. Les preuves de propriété des bitcoins sont stockées dans des portefeuilles numériques personnels. Le taux de change d'un Bitcoin au cours légal suit le principe de la fixation des prix en bourse. Le système de paiement Bitcoin a été inventé par Satoshi Nakamoto, apparaissant sous un pseudonyme, selon Nakamoto en 2007, qui l'a décrit dans une publication en novembre 2008 et a publié un logiciel open-source de référence pour ce système en janvier 2009. Le réseau Bitcoin est basé sur une base de données décentralisée partagée par les participants, la "blockchain", dans laquelle toutes les transactions sont enregistrées. Des techniques cryptographiques sont utilisées pour garantir que les transactions valides avec les Bitcoins ne peuvent être effectuées que par le propriétaire respectif et que les unités monétaires ne peuvent pas être émises plus d'une fois. unités Bitcoin sont créées en résolvant des tâches cryptographiques appelées "exploitation minière". Voici la courte introduction descriptive et concise de Bitcoin.

With Prince Philip's passing at age 99, People pays tribute to history's longest-serving royal consort in a photo-filled commemorative edition. The day of Queen Elizabeth's 1953 coronation, her husband, Philip Mountbatten, also took a vow: To stand by the monarch, who happened also to be the love of his life. With intimate family pictures and glorious historical moments, this special issue looks at Philip's life, from his turbulent childhood through his decades of public duty to the Crown. The son of Prince Andrew of Greece and Denmark and Princess Alice of Battenberg served his adopted country first as a naval officer and then as the "strength and stay" of the queen, to whom he was wed for 73 years. Father to Princes Charles, Andrew and Edward and to Princess Anne, he was a grandfather to eight (including Princes William and Harry), and a great-grandfather of nine. Flinty and frank, he was known for the occasional verbal gaffe but also for being someone the queen "can have a laugh with," according to an insider. People's unparalleled royal coverage tells the story of a royal romance that weathered good years and bad. As a bridesmaid at their 1947 wedding told People when Elizabeth
