Photography legend John Shaw returns with his much-anticipated guide to digital nature photography, complete with more than 250 extraordinarily beautiful photographs. For over four decades, John Shaw's authentic voice and trusted advice has helped photographers achieve impressive shots in the great outdoors. In his first-ever book on digital photography, Shaw provides in-depth advice on everything from equipment and lenses to thorough coverage of digital topics including how to use the histogram. In addition, he offers inspirational and frank insight that goes far beyond the nuts and bolts of photography, explaining that successful photos come from having a vision, practicing, and then acquiring the equipment needed to accomplish the intention. Easily digestible and useful for every type of photographer, and complete with more than 250 jaw-dropping images, John Shaw's Guide to Digital

Nature Photography is the one book you'll need to beautifully capture the world around you.

The electronic age is bringing sweeping changes to entertainment and media of all kinds, including publishing, broadcasting and film. Multimedia, the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate. Media giants are merging and making big acquisitions. This book covers these exciting developments and provides profiles on hundreds of leading firms in film, radio, television, cable, new media, and publishing of all types including books, magazines and newspapers. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. You'll get in-depth profiles of nearly 400 of the world's top Entertainment & Media firms: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the Entertainment and Media Business, from broadcasters to film production companies, casino operators to theme park companies, publishers of books and magazines to video game designers, and much more. Our corporate profiles include executive contacts, growth plans, financial records, address, phone, fax and much more. This innovative book offers unique information, all indexed and cross-indexed more for each firm! Our industry analysis section provides an exceptional discussion of business and market trends. The book includes statistical tables covering revenues for several industry sectors. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key data.

An updated bestseller, this book of extraordinarily beautiful photographs of nature contains state-of-the-art instruction on how any photographer can aim for equally impressive results every time a camera is focused on the great outdoors. Even highly skilled photographers are often baffled by the problems facing them when they work outdoors. But with this exceptional field guide in hand, every photographer—beginner, serious amateur, semi-pro, and pro—can conquer the problems encountered in the field. Using his own exceptional work as examples, the author discusses each type of nature subject and how to approach photographing it. Specific advice and information cover selection of equipment and lenses; how to compose a shot; how to get close ups; and other tips covering a range of techniques to enrich various types of nature photographs.

The cell phone is the fastest-selling consumer electronic in the world. On a global basis, over 800 million cellular telephones are sold yearly. More camera-equipped cell phones are sold each year than stand alone digital cameras. Rapid development of new technologies is leading to ever more versatile, multipurpose mobile devices, including 3G Internet-enabled cell phones and PDAs. Meanwhile, wireless networking and wireless Internet access are developing and expanding on a global basis at a rapid rate. Booming technologies include such 802.11 standards as Wi-Fi and WiMax, as well as Ultra Wide Band (UWB) and Bluetooth. Telematics, intelligent transportation systems (ITS) and satellite radio will soon create an entertainment, navigation and communications revolution within automobiles and trucks. Meanwhile, RFID (radio frequency identification) will revolutionize wireless tracking, inventory and logistics at all levels, from manufacturing to shipping to retailing. These developments are creating challenges for legacy companies and opportunities for nimble marketers and managers. Plunkett's Wireless, Wi-Fi, RFID & Cellular Industry Almanac 2008 covers such sectors. Our coverage includes business trends analysis and industry statistics. We also include a wireless and cellular business glossary and a listing of industry contacts, such as industry associations and government agencies. Next, we profile hundreds of leading companies. Our 350 company profiles include complete business descriptions and up to 27 executives by name and title.

Vital to businesses of all types, the fields of advertising, marketing and branding are covered in-depth in this important volume, from advertising on radio and television to direct mail, from online advertising to branding and public relations to paid search inclusion. Analysis of trends, globalization, technologies, finances and more. This carefully-researched book covers exciting trends in such areas as advertising agencies, marketing consultants, online advertising, branding strategies, global markets and more. This reference tool includes thorough market analysis as well as our highly respected trends analysis. You'll find a complete overview, industry analysis and market research report in one superb, value-priced package. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. This book also includes statistical tables, an industry glossary and thorough indexes. The corporate profiles section of the book includes our proprietary, in-depth profiles of 334 leading companies in all facets of the advertising, branding and marketing industry. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in the business. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key information, addresses, phone numbers and executive names with titles for every company profiled.

Olivia explains all the ways she acts as a good friend, from baking cookies with Francine to playing music with Julian.

With a growing focus on digital destinations, the publishing landscape is evolving at a dizzying speed and InDesign CC is at the forefront of the digital frontier. Known as the premiere layout application for magazine and print collateral, InDesign is also a powerful creation tool for both static and interactive PDF, Flash SWF, EPUB, and apps that can be published for sale in various app stores. This tutorial-based guide to InDesign CC provides you with a hands-on experience of the EPUB creation process, InDesign animation, Digital Publishing Suite app creation, creation of interactive PDFs, and a host of techniques that serve equally well in both print and digital production. This extensively detailed book is filled with over 700 screenshots, explicit diagrams, and step-by-step real-world exercises to get you up and running with: *InDesign Animation *Buttons, forms, and other interactive elements *Interactive PDFs *EPUB *App building with DPS *The fundamentals of HTML, CSS, and GREP *A treasure trove of trips and techniques that will forever transform your work with InDesign.
