Two people driven to win. Only one can claim the prize. She's a sprint car racer driven by secrets. He's the man who must uncover them on national TV. Slide Job: A dirty move in which a race driver skids his/her car sideways in front of another car to steal a position. Sprint car driver Morgan Blade is willing to do anything to help save her critically ill father, even become a contestant on a new TV racing reality show. But once the cameras start rolling, she realizes the cost of the prize money. If the show's sexy producer has his way, her most heartbreaking secrets will be revealed to a worldwide audience. Secrets are Tyler Dalton's business. Forced to produce one more reality show to fulfill his contract, he can't wait to get it over with and move on with his life. However, part of who he is means giving it his best. In reality TV, controversy drives ratings. So despite a combustible attraction to his star, Tyler must unveil the secrets beneath Morgan's fiery façade. But when she becomes more than just another contestant ... will he go for the slide job, even if it means losing her?

Discusses the history and techniques of swimming and diving, safety rescue techniques, and skills for a variety of aquatic activities.

This very readable manual on orienteering is written for people at all levels of competence and includes advice from top international competitors. It provides comprehensive details of orienteering both as a sport and a form of recreation.

"A must read for anyone looking to take his performance to the next level, be it in athletics or in life."—Dean Karnazes, author of Ultra Marathon Man " If there ' s anyone out there who has taken extreme to a new level, its Joe De Sena—in adventure racing, in business, and ultimately in the business of adventure! Spartan Up! is must-read. " —Robyn Benincasa, world champion adventure racer and New York Times best-selling author of How Winning Works What do marathoners do when 26.2 miles just isn ' t enough anymore? They try obstacle racing, combining the endurance challenges of a marathon with the mind- and body-bending rigors of overcoming obstacles along the way. At the heart of this phenomenon is Joe De Sena, the driving force behind the Spartan Race. De Sena overcame his own obstacles—working his way from Queens to Wall Street to legendary extreme athlete—by adhering to a simple philosophy: commit to a goal, put in the work, and get it done. From that philosophy, as played out now for millions across trails, through mud, and up mountainsides, the Spartan Race was born. Filled with unforgettable stories of Spartan racers as well as hard-won truths learned along the course, Spartan Up! will help you reach your full potential in whatever you set out to do. " Have you ever wanted to be more, been stuck in a funk, or simply wanted make life poignant? Look no further because Spartan Up! is your catalyst. Loaded with real life inspiration and lessons, Joe De Sena uses his supercharged success in life, business, and sports to deliver the nuggets. This is an easy and juicy read; succinct, powerful, and relevant. " —Ian Adamson, world champion adventure racer and author of Runner ' s World Guide to Adventure Racing

From early adolescence, I had committed myself to joining the seemingly growing legions of women pumping their fists with a can-do spirit and a perfect balance of career and family. I fancied myself a textbook candidate for the League of Female Marvels until the narcolepsy and nausea set in, and I chickened out. Sacrificing a few rungs on the corporate ladder to stay home and be a Full-Time Mom (FTM) surely would prove a noble, not to mention more orderly, move. And think of all the discretionary time and energy! Cue laughter.Except within those rare close-knit and blackmail-toting friendships, the more maddening (yet equally funny) stories of motherhood are seldom shared-until now. From sex to sippy cups, and the stories contained herein are told with candor, albeit through the eyes of a woman with a slight flair for the dramatic. Still, you may find them to serve as a mirror, a memoir, or a medicine to your own life-or that of any mom with whom you've ever lived. Occasionally sweet, always straight, The Myth of The Bonbons will strike a nerve with many women-and the men who find a well-timed placement of it on their nightstands.

Thousands of organizations are adopting Scrum to transform the way they execute complex projects, in software and beyond. This guide will give you the skills and confidence needed to deploy Scrum, resulting in high-performing teams and satisfied customers. Drawing on years of hands-on experience helping companies succeed, Certified Scrum Trainer (CST) Mitch Lacey helps you overcome the major challenges of Scrum adoption and the deeper issues that emerge later. Extensively revised to reflect improved Scrum practices and tools, this edition adds an all-new section of tips from the field. Lacey covers many new topics, including immersive interviewing, collaborative estimation, and deepening business alignment. In 35 engaging chapters, you ' ll learn how to build support and maximize value across your company. Now part of the renowned Mike Cohn Signature Series on agile development, this pragmatic guide addresses everything from establishing roles and priorities to determining team velocity, setting sprint length, and conducting customer reviews. Coverage includes Bringing teams and new team members on board Creating a workable definition of " done " Planning for short-term wins, and removing impediments to success Balancing predictability and adaptability in release planning Running productive daily scrums Fixing failing sprints Accurately costing projects, and measuring the value they deliver Managing risks in dynamic Scrum projects Prioritizing and estimating backlogs Working with distributed and offshore teams Institutionalizing improvements, and extending agility throughout the organization Packed with real-world examples straight from Lacey ' s experience, this book will be invaluable to anyone transitioning to Scrum, seeking to improve their early results, or trying to get back on track.

In the new world of work, agility is a business imperative. From small tech start-ups or large traditional companies, organizations need to be fast, flexible and digitally empowered to succeed. However, too many companies are stuck with siloed, compliance-driven HR processes that work in opposition to the business rather than supporting it. This results in the view that HR is slow and out of touch. However, Agile HR shows that this doesn't need to be the case. It is a practical guide written specifically for people professionals on how the HR function can develop agile processes and practices that save time, boost performance and support overall business goals. Covering every aspect of the HR function from people processes, ways of working and HR services to organization design, operating models and HR teams, Agile HR is an essential guide for all HR practitioners wanting to make their HR practices agile and drive business performance but don't know where to start. As well as guidance on how to deal with resistance, manage a backlog and deal with constraints, there is also invaluable guidance on how HR can prioritize effectively and assess which activities to pursue, which to develop, which to rework and which to abandon in order to achieve continuous business improvement. Supported by case studies from organizations who have seen the benefits of an agile approach to HR including Sky Betting & Gaming and MUJI, this is critical reading for all HR professionals in organizations of any size needing to adopt fast, flexible and evolving agile approaches to effectively compete in the new world of work.
