The classic guide of the post-Dr. Spock generation has been revised to include the latest information on virtually every aspect of infant and baby care. **THE BABY BOOK** is unrivaled in its scope and authority, and presents a practical, contemporary approach to parenting that reflects the way we live today. Focusing on the essential needs of babies--eating, sleeping, development, health, and comfort--it addresses the questions of greatest concern to parents. The Searses acknowledge that there is no one way to parent a baby, and they offer the basic guidance and inspiration you need to develop the parenting style that best suits you and your child. **THE BABY BOOK** is a rich and invaluable resource that will help you get the most out of parenting--for your child, for yourself, and for your entire family.

This major new addition to the Sears Parenting Library is a comprehensive, authoritative, and reassuring guide for parents of premature babies. 20 line drawings & photos.

From "the man who remade motherhood" (Time) comes the definitive guide to having a healthy pregnancy--and a healthy baby. **THE HEALTHY PREGNANCY BOOK** guides expectant mothers and fathers through all stages of pregnancy from preconception through birth, focusing on how to enhance the health of mother and baby. In this uniquely authoritative and comprehensive month-by-month guide, the Searses address emotional and physical changes that take place during pregnancy, baby's brain development, healthy pregnancy habits, pregnancy superfoods, optimal weight gain, fitness, managing stress, sleep, choosing the right healthcare provider, birthing choices, the transition into parenthood, engaging personal stories, and more. Overflowing with the most up-to-date information, digestible and doable tips, and advice for every worry--and written in the Searses' trademark reassuring tone that makes their books long-term bestsellers--**THE HEALTHY PREGNANCY BOOK** is the must-have resource to fit the greater demands of today's savvy parents.

Everything you need to know about getting your baby or toddler to sleep -- from America's foremost baby and childcare experts. Babies don't automatically know how to sleep through the night; they need to be taught. The Sears family has learned from decades of pediatric practice, bolstered by their own parenting experiences, that different babies have different nighttime temperaments -- and, of course, different families have different lifestyles. Instead of espousing the kind of "one method fits all" approach advocated in other baby sleep guides, the Sears family explains how you can create a sleep plan that suits the needs of your entire family. With a sharp focus on the practical tools and techniques, **The Baby Sleep Book** covers such topics as: The facts of infant sleep vs. adult sleep Figuring out where, when, and how your child sleeps best Fail-safe methods for soothing a crying infant How to make night nursing easier, and how to stop Nighttime fothering tips Whether co-sleeping makes sense for you Nap-time strategies that work Medical and physical causes of night waking Sleep habits in special situations such as traveling, teething, and illness

The complete "The Baby Book: Everything You Need to Know About Your Baby from Birth to Age Two" in Traditional Chinese - the ultimate baby book by the William, Martha, Sears and their doctor sons Robert and James. In Chinese. Distributed by Tsai Fong Books, Inc.

America's foremost baby and childcare experts, William Sears M.D. and Martha Sears, R.N., explain the benefits -- for both you and your child -- of connecting with your baby early. Would you and your baby both sleep better if you shared a bed? How old is too old for breastfeeding? What is a father's role in nurturing a newborn? How does early attachment foster a child's eventual independence? Dr. Bill and Martha Sears -- the doctor-and-nurse, husband-and-wife team who coined the term "attachment parenting" -- answer these and many more questions in this practical, inspiring guide. Attachment

parenting is a style of parenting that encourages a strong early attachment, and advocates parental responsiveness to babies' dependency needs. The Attachment Parenting Book clearly explains the six "Baby B's" that form the basis of this popular parenting style: Bonding, Breastfeeding, Babywearing, Bedding close to baby, Belief in the language value of baby's cry, and Beware of baby trainers. Here's all the information you need to achieve your most important goals as a new parent: to know your child, to help your child feel right, and to enjoy parenting.

Part of a two-book debut of the Sears Children's Library picture books, this title provides helpful information for young children expecting a new brother and sister. Full color.

This major new addition to the Sears Parenting Library is a comprehensive, authoritative, and reassuring guide for parents of premature babies. 20 line drawings & photos.

A guide by two pediatricians who have raised eight children together discusses self-esteem, spanking, divorce, single parenting, travel, and baby-sitting, and offers advice on how to prevent, as well as stop, problem behavior. Tour.

When a family brings a new baby home, there are many changes. Older siblings may find it hard to understand the needs of the new baby, as well as the demands placed on mom and dad. Based on the attachment-parenting theories of the foremost authorities on parenting and childcare, William Sears, M.D., and Martha Sears, R.N., this book clearly explains baby's needs. The text emphasizes how siblings can be helpers to both baby and parents, while forging their own relationships with "their baby," and outlines the positive aspects of being an older girl or boy. Here is a warm, insightful book that will help the whole family joyously and lovingly welcome the newest member into their lives.
