The digital divide is a global issue as well as a national issue. In the UK it is mostly due to availability of technology and network coverage. Some of the main causes of the digital divide in the...

The digital divide - Ethics and law - GCSE Computer ...

Edited transcript of Andrew McLaughlin, posing a hypothetical argument about the Digital Divide. Let me start off today's session by making the case against caring about the digital divide, at least in that sense. As you probably will guess, all of us that are up here think something different than what I am about to say, but let me start off by making this case.

Module 1 - Hypothetical Argument on Digital Divide

The Digital Divide Council Five initiatives we need to narrow the digital gap include: 1. Increase digital literacy 2. Provide operational incentives to information and communication technology entities. 3. Develop relevant and local content in addition telecommunications infrastructure. 4. Encourage the establishment of cyber clubs. 5.

Digital Divide - ICT Information Communications Technology

Widening levels of education seem to magnify the digital divide; households with higher levels of education are increasingly more likely to use computers and the Internet. It has been observed that those with college degrees or higher are 10 times more likely to have internet access at work as than those with only a high school education.
