The English legal system. The United Kingdom is divided into three main jurisdictions (or self-contained legal systems): England and Wales, Scotland, Northern Ireland. Each jurisdiction has its own laws, court system, lawyers and judges. However:

The English legal system - ICLR

England and Wales has a common law legal system, which has been established by the subject matter heard in earlier cases and so is the law created by judges. It originated during the reign of King Henry II (1154-89), when many local customary laws were replaced by new national ones, which applied to all and were thus "common to all".

THE LEGAL PROCESS | LII / Legal Information Institute

The civil or criminal court proceedings that constitute a case in court from beginning to end, including formal notices required to be given which compel a party to appear in court (the legal process). The term legal process usually refers to the practice of serving upon the defendant the legal notice to appear in court, also known as service or personal service if done in person and which a process server may be used.

Definition of LEGAL PROCESS • Law Dictionary • TheLaw.com

Process is the general term for the legal document by which a lawsuit is started and the court asserts its jurisdiction over the parties and the controversy. In modern U.S. law, process is usually a summons. A summons is a paper that tells a defendant that he is being sued in a specific court that the plaintiff believes has jurisdiction.

resolution skills in a range of legal contexts: client interviewing, drafting, managing cases, legal negotiation and advocacy. The book is designed specifically to help students to practise and develop skills that will be essential in a range of occupations; develop a deeper understanding of the English legal process and the lawyer's role in that process; enhance their understanding of the relationship between legal skills and ethics; and understand how they learn and how they can make their learning more effective. This book provides a stimulating, accessible and challenging approach to understanding the problems and uncertainties of practising law that goes beyond the standard approaches to lawyers skills.

Linguists and lawyers from a range of countries and legal systems explore the language of the law and its participants, beginning with the role of the forensic linguist in legal proceedings, either as expert witness or in legal language reform. Subsequent chapters analyze different aspects of language and interaction in the chain of events from a police emergency call through the police interview context and into the courtroom, as well as appeal court and alternative routes to justice. A broad-based, coherent introduction to the discourse of language and law.

This text offers an activity-based approach to the often difficult topic of the English legal system. The text incorporates a wide range of activities, exercises and real examination questions along with illustrations.
