The “ great conjunction ” of Jupiter/Tzedek and Saturn/Shabbatai, which has been in the news lately, has special meaning in Jewish astrological thought. This cosmic convergence, in which Jupiter and Saturn appear almost on top of each other in the night sky, has long been a focus of Jewish messianic speculation.

Skywatchers are in for an end-of-year treat. What has become known popularly as the “ Christmas Star ” is an especially vibrant planetary conjunction easily visible in the evening sky over the next two weeks as the bright planets Jupiter and Saturn come together, culminating on the night of Dec. 21.

## The ‘ Great ’ Conjunction of Jupiter and Saturn | NASA

After 2020, the next great conjunctions will occur on November 2, 2040 and April 7, 2060. On both these occasions, the minimum separation of Jupiter and Saturn will be 1.1 degrees—which means they will be eleven times farther apart than on December 21, 2020. In fact, the 2020 great conjunction of Jupiter and Saturn is exceptionally close.

## Saturn and Jupiter Great Conjunction 2020

Jupiter and Saturn will appear brighter than nearly every star. They can be seen easily from large cities, and dark sites. Dark skies will allow you to see fainter stars, but Jupiter and Saturn are bright enough that you don ’ t necessarily need to go to a dark site to take compelling photos of them.

The telling of mythic stories has always been a powerful form of therapy, bringing healing to people facing adversity. The greatness of Saturn is such a therapeutic myth, told and retold through many centuries. Taken from the East Indian Vedic tradition, it honors the planet Saturn, who personifies time, limitations, loss, and all forms of adversity.

Light on Life: An Introduction to the Astrology of India Light on Life brings the insight and wisdom of Indian astrology to the Western reader. Jyotish, or Indian astrology, is an ancient and complex method of exploring the nature of time and space and its effect upon the individual. Formerly a closed book to the West, the subject has now been clarified and explained by Hart de Fouw and Dr. Robert Svoboda, two experts and long-term practitioners. In Light on Life they have created a complete and thorough handbook that can be appreciated and understood by those with very little knowledge of astrology.

The masterworks of W. G. Sebald, now in gorgeous new covers by the famed designer Peter

Mendelsund New Directions is delighted to announce beautiful new editions of these three classic Sebald novels, including his two greatest works, *The Emigrants* and *The Rings of Saturn*. All three novels are distinguished by their translations, every line of which Sebald himself made pitch-perfect, slaving to carry into English all his essential elements: the shadows, the lambent fallings-back, nineteenth-century Germanic undertones, tragic elegiac notes, and his unique, quiet wit.

Many of the secrets of life and consciousness can be discovered through Vedic Astrology. Mythology students will find it helpful in unlocking the astrological keys to the great archetypes of the psyche.

The sages of ancient India developed the astrological practice of Jyotisha as a karma-measuring apparatus to indicate where your karmas will permit ideals to be shared between you and those with whom you relate. Jyotisha can help restructure relationship dynamics by providing perspectives on when and how your relationships and their difficulties are likely to arise and dissipate. *Light on Relationships* is currently the only book that makes relationship analysis accessible to the modern student of Indian astrology. If you want to learn how to use this system for chart comparison, this book gives you the complete details. The authors cover the techniques of synastry and explore all the facets of what makes a relationship work--or not--including personal karma and goals, family influences, the Ayurvedic constitution or dosha of each individual, and how these elements are revealed. In an entertaining and informative way, the authors explain how the individual chart will reveal your inborn ability to relate. They explain the traditional ten Porutthams, which evaluate a couple's sukha (external and internal happiness), and explore superstitious concepts, such as Vishna Kanya (literally, "poison maiden"), or Kuja Dosha ("The Blemish of Mars"). Included are details on determining the most auspicious times for a wedding. This approach to synastry has been developed over years of experimentation. The authors blend the principles of synastry with other techniques culled from Jyotisha's classical canon. Some of the less conventional techniques presented come from ancient oral traditions never before incorporated into the classical works. Other methods come from the authors' mentors; and some have been developed from processes validated over many years of their experience. The authors build on some of the best principles of the astrological traditions of both West and East, hoping to bring the two camps closer together.

A comprehensive guide to understanding and practicing Vedic astrology, the art of jyotish.

- Teaches beginners how to read and interpret Vedic astrology charts, based on their own birth chart as well as the birth charts of 112 notable people.
- Shows how to use Vedic astrology to anticipate upcoming events and direct the cosmic energies of one's life toward a positive future outcome. For over 5,000 years the people of India have used jyotish, or Vedic astrology, to anticipate future influences and make major decisions. Now Andrew Bloomfield brings this increasingly popular tool to the West in an easy-to-follow, comprehensive format, providing the reader with everything needed to practice the Indian art of predicting the future. Vedic astrology was codified by the ancient Maharishis to help people achieve the four basic goals of human existence: kama (desire), artha (wealth), dharma (life purpose), and moksha (spiritual growth). Unlike other forms of astrology, Vedic calculations focus more on the primal, unconscious, driving forces linking our thoughts and actions. *How to Practice Vedic Astrology* shows how to make accurate predictions on when to expect life's changes concerning one's career, love life, children, or spirituality.

This book shows you how to access the wisdom of the Nakshatras in your personal life and

for society. Through it the modern reader can understand the energies of their stars and learn how to utilize these to bring their lives into harmony with the great forces of the universe. This book is must reading not only for any students of astrology but for anyone interested in self-development or spiritual growth.

Ayurveda, The Universal Healing Art. More Than A Medical System. Developed From The Vedas, India's Ancient Books Of Wisdom, Ayurveda Combines Physical, Psychological And Spiritual Therapies In An Approach To Health That Is As Relevant To The Modern World As It Was To The Ancient World When It First Became Part Of India's Collective Consciousness. Here Is A Definitive Handbook Of A Health Care Both Sensible And Sublime, That Is Still Alive And Well Itself; The Author Is The First Westerner To Graduate From An Indian Ayurvedic College. Utilizing Herbs And Minerals, Proper Nutrition And Purification And, Above All, Affirmative Ways Of Living, Ayurveda Treats Not Just The Ailment But The Whole Person And Emphasizes Prevention Of Disease To Avoid The Need For Cure. Its Ancient Message Has Helped Spread The New Holistic Thinking In The West, Encouraging Us To Become 'Stewards Of Life'; In Order, Now, To Give Civilization Itself A Chance To Heal.
