Born in a Russian village in 1831, Pyotr Smirnov relied on vodka to turn a life of scarcity and anonymity into one of immense wealth and international recognition. Starting from the back rooms and side streets of nineteenth-century Moscow, Smirnov exploited brilliant grassroots marketing strategies to popularize his products and ensconce his brand in the thirsts and imaginations of drinkers around the world. His vodka would be gulped in the taverns of Russia and Europe, be praised with accolades at world fairs, and become a staple on the tables of tsars. But his improbable ascent would be halted by the chaos of the Bolshevik Revolution, and only a bizarre set of coincidences—including an incredible prison escape by one of Smirnov ' s sons in 1919—would prevent Smirnov ' s legacy from fading into obscurity. Set against a backdrop of political and ideological currents that would determine the course of global events, *The King of Vodka* is much more than a biography of a humble serf who rose to create one of the most celebrated business empires the world has ever known. It is a work of sweeping narrative history on an epic scale.

This history of vodka scion Pyotr Smirnov and his family is the story of a humble serf who rose to create one of the most celebrated business empires the world has ever known. Pyotr Smirnov comes to life as a hero of wonderful complexity -- a man of intense ambition and uncanny business sense, a patriarch of a family that would help define Russian society, and a loyalist to a nation that would one day honor him as a treasure of the state. Set against a backdrop of political and ideological currents that would determine the course of global history -- from the fall of the tsars to the rise of communism -- this is much more than a biography of an extraordinary man. It is a story of triumph and tragedy and a work of narrative history on an epic scale. Photos.

The King of Vodka is a work of sweeping narrative history on an epic scale. It is a story of triumph and tragedy and a work of narrative history on an epic scale. Photos.

Russia is famous for its vodka, and its culture of extreme intoxication. But just as vodka is central to the lives of many Russians, it is also central to understanding Russian history and politics. In *Vodka Politics*, Mark Lawrence Schrad argues that debilitating societal alcoholism is not hard-wired into Russians' genetic code, but rather their autocratic political system, which has long wielded vodka as a tool of statecraft. Through a series of historical investigations stretching from Ivan the Terrible through Vladimir Putin, *Vodka Politics* presents the secret history of the Russian state itself—a history that is drenched in liquor. Scrutinizing (rather than dismissing) the role of alcohol in Russian politics yields a more nuanced understanding of Russian history itself: from palace intrigues under the tsars to the drunken antics of Soviet and post-Soviet leadership, vodka is there in abundance. Beyond vivid anecdotes, Schrad scours original documents and archival evidence to answer provocative historical questions. How have Russia's rulers used alcohol to solidify their autocratic rule? What role did alcohol play in tsarist coups? Was Nicholas II's ill-fated prohibition a catalyst for the Bolshevik Revolution? Could the Soviet Union have become a world power without liquor? How did vodka politics contribute to the collapse of both communism and public health in the 1990s? How can the Kremlin overcome vodka's hurdles to produce greater social well-being, prosperity, and democracy into the future? Viewing Russian history through the bottom of the vodka bottle helps us to understand why the "liquor question" remains important to Russian high politics even today—almost a century after the issue had been put to bed in most every other modern state. Indeed, recognizing and confronting vodka's devastating political legacies may be the greatest political challenge for this generation of Russia's leadership, as well as the next.

My new fianc e Betty and I were sitting on the couch, watching the Westminster Kennel Club dog show when she looked over at me and casually said, "My first orgasm came from a dog." As I sat there stunned, trying to control my reactions and collect myself, I had two immediate thoughts: 1. Now I know why my dog likes her better. 2. I wish this were the worst thing she'd ever told me. And so begins the descent into the crazy improbable world of Warlizard, an average guy with an exceptional life. With no excuses and no apologies, Warlizard lives his life by one simple rule - "If opportunity knocks, answer the door." Gulf War Veteran, womanizer and serial troublemaker, sometimes he wins, sometimes he loses, but his stories are outlandish, extreme, fast-paced and funny as hell. Some actual reader feedback: - "You tell all women that story? You should wash out your mouth!" - "I think I could listen to your stories for hours." - "So you owe your marriage to the people who brought down the world trade center?" - "I have nothing else I can add or ask, except MORE STORIES." - "Holy s**t. I wish I was you." - "Man, you're an inspiration, seriously. F*** Tucker Max, you're the real s**t. I'm sure to remember your stories whenever there's a choice to do some crazy s**t. I used to say I'd do it for the lulz, now I'm gonna do it like WarLizard." - "You slept with another man's wife and then lied to him about it, and can say with a straight face it was the right thing to do?" - "Godda**t, I spewed out laughter too loud at work, now I have to leave because everyone knows I'm not doing s**t. F*** this is hilarious, and disconcerting, at the same time." - "He is the most interesting man in the world." - "I feel like a failure reading these stories, they're awesome." - "Your life experience makes me feel good. You good sir are somewhat of a new idol of mine. Nothing much you can do about that. Have a good day sir." - "Warlizard doesn't always drink beer, but when he does, he prefers Dos Equis." - "I just can't wrap my mind around the fact that not only a story like this exists but that a Reddit regular would be living it. And it kinda has this enthusiastic 'and then it happened...' moments in it that kinda style like you'd write fiction on the go." - "This guy is either the most creative man in the world or the most interesting man in the world. Either way..."

The biography of Paul Ricard—whose eponymous company Pernod Ricard produced and popularized pastis, an anise aperitif from his native Marseille—embodies a wonderfully rich business success story of the 20th century. Overcoming significant adversity amid the turmoil of the 1930s, Ricard built a renowned premium spirits brand, parlaying the beauty and mystique of Provence into a worldwide libation. A savvy marketer and maverick, Paul Ricard started a company in Marseille, France, to introduce pernod, the beloved local aperitif, to the world. With its striking, colorful branding that evoked sunny Provence, the company thrived until the arrival of World War II, when Ricard was forced to close down operations. Ever the entrepreneur, he pivoted to agriculture and built up a successful rice farm from scratch. After the war, Ricard rebuilt his brand anew and lay the groundwork for the global leader it is today. This is the story of Ricard ' s extraordinary life, a timeless tale of adventure, business prowess, and endless adaptability. In addition to his successful spirits company, Ricard opened a popular racecar circuit; transformed Mediterranean islands into vacation destinations; and pursued his lifelong love of painting. With endless optimism, strategic acumen, and unwavering determination, Ricard navigated his way through turbulent political and economic times to create a successful business that has stood the test of time and now includes more than 35 international brands, from Absolut Vodka to Chival Regal.

This is the inside, untold story of one of the most successful, memorable advertising campaigns ever.

Over the course of the past two decades, Tony Abou-Ganim has earned his reputation as one of the leaders of the craft cocktail movement. Through his work with food and hospitality legends like Mario Batali, Steve Wynn, and Harry Denton, Abou-Ganim has earned his reputation as "the Modern Mixologist," someone bringing the traditional art of mixology into the 21st century for the benefit of new generations. On the heels of the success of *The Modern Mixologist: Contemporary Classic Cocktails*, Tony Abou-Ganim has written *Vodka Distilled* as a companion piece focusing entirely on this clear spirit. It is a comprehensive look at the vodka marketplace, geared toward those working in the profession as well as the giant audience of vodka drinkers. This one-of-a-kind resource establishes a new standard in defining and understanding the world's most consumed spirit. *Vodka Distilled* appeal to both enthusiasts and aficionados by explaining how traditional-style vodkas—those produced in Eastern Europe—differ in character from those made in the West, and how different raw materials and distillation and filtration methods contribute to these variations in character. By breaking down the characteristics of each highlighted vodka, Abou-Ganim helps readers better understand, appreciate, and enjoy this noble spirit.

The Widow Clicquot is the New York Times bestselling business biography of the visionary young widow who built a champagne empire, became a legend in her tumultuous times, and showed the world how to live with style. Tilar J. Mazzeo brings to life the woman behind the label, Barbe-Nicole Clicquot Ponsardin, in this utterly intoxicating book that is as much a fascinating journey through the process of making this temperamental wine as a biography of a uniquely tempered and fascinating woman.

Make history come alive! This book helps librarians and teachers as well as readers themselves find books they will enjoy—titles that will animate and explain the past, entertain, and expand their minds.
