FEATURING A BRAND NEW STORY “What’s special about ‘Cat Person,’ and the rest of the stories in *You Know You Want This*, is the author’s expert control of language, character, story—her ability to write stories that feel told, and yet so unpretentious and accessible that we think they must be true.” —The New York Times Book Review “Kristen Roupenian isn’t just an uncannily great writer, she also knows things about the human psyche—things that I always supposed I would learn at some point, but never did...The world has made a lot more sense since reading this book.” —Miranda July, New York Times bestselling author “If you think you know what this collection will be like, you’re wrong. These stories are sharp and perverse, dark and bizarre, unrelenting and utterly bananas. I love them so, so much.” —Carmen Maria Machado, National Book Award Finalist and author of *Her Body and Other Parties* A compulsively readable collection of short stories that explore the complex—and often darkly funny—connections between gender, sex, and power across genres. Previously published as *You Know You Want This*, “Cat Person” and *Other Stories* brilliantly explores the ways in which women are horrifying as much as it captures the horrors that are done to them. Among its pages are a couple who becomes obsessed with their friend hearing them have sex, then seeing them have sex...until they can’t have sex without him; a ten-year-old whose birthday party takes a sinister turn when she wishes for “something mean”; a woman who finds a book of spells half hidden at the library and summons her heart’s desire: a nameless, naked man; and a self-proclaimed “biter” who dreams of sneaking up behind and sinking her teeth into a green-eyed, long-haired, pink-cheeked coworker. Spanning a range of genres and topics—from the mundane to the murderous and supernatural—these are stories about sex and punishment, guilt and anger, the pleasure and terror of inflicting and experiencing pain. These stories fascinate and repel, revolt and arouse, scare and delight in equal measure. And, as a collection, they point a finger at you, daring you to feel uncomfortable—or worse, understood—as if to say, “You want this, right? You know you want this.”

Named a Most Anticipated Book of Fall 2021 by The New York Times, USA Today, Vulture, The Week, and more! “There’s some kind of genius sorcery in this novel. It’s startlingly original, hilarious and harrowing by turns, finally transcendent. Watkins writes like an avenging angel. It’s thrilling and terrifying to stand in her wake.” —Jenny Offill, author of *Dept. of Speculation* and *Weather* A darkly funny, soul-rending novel of love in an epoch of collapse—one woman’s furious revisiting of family, marriage, work, sex, and motherhood. Since my baby was born, I have been able to laugh and see the funny side of things. a) As much as I ever did. b) Not quite as much now. c) Not so much now. d) Not at all. Leaving behind her husband and their baby daughter, a writer gets on a flight for a speaking engagement in Reno, not carrying much besides a breast pump and a spiraling case of postpartum depression. Her temporary escape from domestic duties and an opportunity to reconnect with old friends mutates into an extended romp away from the confines of marriage and motherhood, and a

seemingly bottomless descent into the past. Deep in the Mojave Desert where she grew up, she meets her ghosts at every turn: the first love whose self-destruction still haunts her; her father, a member of the most famous cult in American history; her mother, whose native spark gutters with every passing year. She can't go back in time to make any of it right, but what exactly is her way forward? Alone in the wilderness, at last she begins to make herself at home in the world. Bold, tender, and often hilarious, *I Love You but I've Chosen Darkness* reaffirms Watkins as one of the signal writers of our time.

She thought, brightly, This is the worst life decision I have ever made! And she marvelled at herself for a while, at the mystery of this person who'd just done this bizarre, inexplicable thing. Margot meets Robert. They exchange numbers. They text, flirt and eventually have sex - the type of sex you attempt to forget. How could one date go so wrong? Everything that takes place in *Cat Person* happens to countless people every day. But *Cat Person* is not an everyday story. In less than a week, Kristen Roupenian's *New Yorker* debut became the most read and shared short story in their website's history. This is the bad date that went viral. This is the conversation we're all having. *You Know You Want This*, Kristen Roupenian's debut collection, will be published in February 2019.

"In this powerful short fiction, Mary Gaitskill--whose searing honesty about gender relations has been legendary since the appearance of *Bad Behavior* in the 1980s--considers our moment through the lens of a particular #metoo incident. The effervescent and well-dressed Quin, a successful book editor and fixture on the New York arts scene, has long been one of Margot's best friends. When several women in his field accuse him of inappropriate touching and remarks, Gaitskill builds the account of his undoing through Quin and Margot's alternating voices, allowing readers to experience Quin as a whole person--one whose behavior toward women could be hurtful and presumptuous on the one hand, and keenly supportive on the other. Margot, an older woman who alternately despairs of and sympathizes with the positions of the younger women involved in Quin's case, is the thrumming engine of this remarkable piece of truth-telling. As Gaitskill has said, fiction is the only way that she could approach this subject, which she sees as subtly colored in shades of gray, rather than the black and white of our current conversations. Her compliment to her characters--and to her readers--is that they are unvarnished and real; her belief in our ability to understand them, even when we don't always admire them, is a beacon of humanity from one of our greatest contemporary writers"--

Marrying the sharp insights of Jenny Offill with the dark humor of Maria Semple, *MOTHEREST* is an inventive and moving coming-of-age novel that captures the pain of fractured family life, the heat of new love, and the particular magic of the female friendship -- all through the lens of a fraying daughter-mother bond. It's the early 1990s, and Agnes is running out of people she can count on. A new college student, she is caught between the broken home she leaves behind and the wilderness of campus life. What she needs most is her mother, who has seemingly disappeared, and her brother, who left the family tragically a few years prior. As Agnes falls into new romance, mines female friendships for intimacy, and struggles to find her footing, she writes letters to her mother, both to conjure a closeness they never had and to try to translate her experiences to herself. When she finds out she is pregnant, Agnes begins to contend with what it means to be a mother and, in some ways, what it means to be your own mother.

In a world that often asks us to consider the things that can separate us...whether that is race, politics or ethnicity...*A Peace of My Mind* explores the common humanity that unites us. "*A Peace of My Mind*" is a 120-page book that features the b&w portraits and personal stories of

55 individuals who answer the simple question, "What does peace mean to you?" Since 2009, Noltner has photographed and interviewed Holocaust survivors, refugees, political leaders, artists, homeless individuals, and others, asking them to reveal what peace means to them, how they work towards it in their lives and what obstacles they encounter along the way. The result is a stunning and heart-felt collection that acknowledges the challenges we face as a society, yet builds hope through the inspiring stories of people committed to peaceful tomorrows.

Essays on the modern relevance of Thoreau, Whitman, Dickinson, and more "suggest the ways poetry might be both agitator and balm in times of social crisis" (Poets & Writers). The nineteenth century is often viewed as a golden age of American literature, a historical moment when national identity was emergent and ideals such as freedom, democracy, and individual agency were promising, even if belied in reality by violence and hypocrisy. The writers of this "American Renaissance"—Thoreau, Fuller, Whitman, Emerson, and Dickinson, among many others—produced a body of work that has been both celebrated and contested by following generations. As the twenty-first century unfolds in a United States characterized by deep divisions, diminished democracy, and dramatic transformation of identities, the editors of this singular book approached a dozen North American poets, asking them to engage with texts by their predecessors in a manner that avoids both aloofness from the past and too-easy elegy. The resulting essays, delving into topics including race and gun violence, dwell provocatively on the border between the lyrical and the scholarly, casting fresh critical light on the golden age of American literature and exploring a handful of texts not commonly included in its canon. A polyvocal collection that reflects the complexity of the cross-temporal encounter it enacts, 21 | 19 offers a re-reading of the "American Renaissance" and new possibilities for imaginative critical practice today. "Displaying a sophisticated sense of poetics as well as a good grasp of history and its implications for the present moment . . . [the editors] have done a remarkable job of bringing together such a challenging collection." —Harvard Review

"Amy Webb found her true love after a search that's both charmingly romantic and relentlessly data-driven. Anyone who uses online dating sites must read her funny, fascinating book."—Gretchen Rubin, #1 New York Times bestselling author of *The Happiness Project* After yet another disastrous date, Amy Webb was preparing to cancel her JDate membership when epiphany struck: her standards weren't too high, she just wasn't approaching the process the right way. Using her gift for data strategy, she found which keywords were digital-man magnets, analyzed photos, and then adjusted her (female) profile to make the most of that intel. Then began the deluge—dozens of men who actually met her own stringent requirements wanted to meet her. Among them: her future husband, now the father of her child.

"A gripping read...Unabashedly queer, probing and unafraid...Exceedingly engaging." —USA

Today “Sublimely weird, fluently paced, brazenly funny and gayer still, and it richly deserves to find readers.” –New York Times From the author of the New York Times–bestselling sensation *Mostly Dead Things*: a surprising and moving story of two mothers, one difficult son, and the limitations of marriage, parenthood, and love If she’s being honest, Sammie Lucas is scared of her son. Working from home in the close quarters of their Florida house, she lives with one wary eye peeled on Samson, a sullen, unknowable boy who resists her every attempt to bond with him. Uncertain in her own feelings about motherhood, she tries her best—driving, cleaning, cooking, prodding him to finish projects for school—while growing increasingly resentful of Monika, her confident but absent wife. As Samson grows from feral toddler to surly teenager, Sammie’s life begins to deteriorate into a mess of unruly behavior, and her struggle to create a picture-perfect queer family unravels. When her son’s hostility finally spills over into physical aggression, Sammie must confront her role in the mess—and the possibility that it will never be clean again. Blending the warmth and wit of Arnett’s breakout hit, *Mostly Dead Things*, with a candid take on queer family dynamics, *With Teeth* is a thought-provoking portrait of the delicate fabric of family—and the many ways it can be torn apart.
